Monthly Crime Trends & Crime Statistics

August 2015

Ongoing Crime Trend

Burglary of Motor Vehicle

Did you know over 80% of the burglary of motor vehicle crimes in Deer Park were vehicles that were unlocked?

This allows the thief to open your car door and help himself to your property.

Please - Lock your doors, Take your Keys and Hide your belongings.

July Crime Trend

Burglary of Habitation—Non-Forced

Most Burglary of Habitation offenses occur during the day when the would-be criminal believes the residence is likely to be empty. During the week be sure to look your doors and windows and if you have an alarm be sure to set it while away from your home.

In Deer Park the vast majority of burglaries that happen at a residence occur because the garage door has been left open. This allows the criminals to enter and take property in a very quick action. Even if you are home, be sure to close the garage door when you are not outside. If you are doing yard work and go to the back; close the garage door first to keep the thieves out.
